

# Autumn 2009

**Soccer season  
is in full kick!**

TROPHIES2GO.COM – FOR THE  
RECOGNITION YOU DESERVE!

Fall is here, after a fast-flying year of new beginnings for 2009. And with it brings one of the World's most loved sports. That's right...

**SOCCER!** At junior high and high schools; colleges and universities across America, the cleats are on and so is the competition. The sport so loved and brought to us by our British friends is the most watched sport on the planet (sorry football fans). The funny thing is, only here in America is the sport called soccer. Everyone else on Earth calls it football, since of course you have to use your feet (or head) to pass and score. Trophies2Go is just as excited about this well-loved sport as you are, and we've added many new soccer trophies and awards to our ever-growing collection. Check out some of the new

soccer products on our site – <http://www.trophies2go.com/soccer> - and best of luck to all the soccer players who have a chance to shine this autumn season!

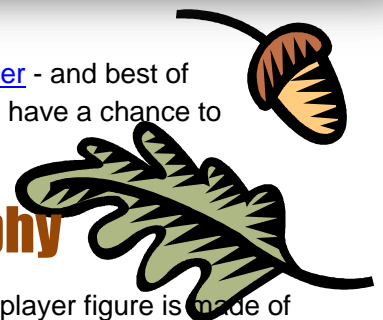

## PRODUCT SPOTLIGHT: Monster Soccer Trophy

Trophies no longer have to be boring! Our new line of trendy trophies offer something more unique than the traditional style wood based trophies with gold figurines. Kids and youths of all ages love the blend of action and adventure that sports brings, so it only makes sense to carry trophies that reflect that same spirit of action. This month's Monster Soccer Trophy is mean, yet fun! If you're a soccer coach or athletic director, give your team a motivating trophy like this guy... for a powerful indication of just how much your team means business! The

shredded soccer player figure is made of solid resin, giving it a look of bronze with a construction that is just as tough as his face appears to be. The Monster Soccer Trophy stands nearly 7" inches tall and comes with 3 engraving lines on a brass plaque. Give one to the whole team or to an exceptional individual who really shows how seriously they take the sport of soccer. At a price as low as \$7.40 each, you can afford to buy one for everyone on the whole team.

## CUSTOMER HIGHLIGHT: Kids Soccer Players

Without children athletes, there would be no future for the much loved pastime of sports. Trophies2go wants to thank our youth for participating in athletics, and we'd also like to thank all the "Soccer Moms" and Dads out there who give of their time to make sure the kids get a chance to play. All those things you do – from arriving on time to practice – to the sportsmanlike conduct at the end of the game. We are dedicated to supporting our youngsters with their dreams, no matter how small or large they may be. So while you're concentrating on scoring the winning goal and dreaming of becoming a professional player, we encourage you to keep on participating and enjoying the game. Maybe you don't realize it right now, but participating in sports does many things for these kids. It teaches them sportsmanship, fairness, how to be a team player, and most importantly... how hard work and dedication pays off. These are important life lessons that kids take with them in adulthood, in addition to the long-remembered friendships and spirit of ambition. Whether you win or lose does not matter so much... so long as you keep on playing!

## EMPLOYEE SPOTLIGHT: Erin Sheldon, Internet Specialist

What started out as a babysitting gig for Jeff a few years ago has evolved into an important role for Trophies2Go as the company's Internet Specialist. Erin's work ethic so impressed him that he didn't want to lose her, even though the kids are now able to manage on their own. And what a valuable role it is, since the era of technology has increased throughout the last decade at a rapid pace it is imperative to have someone managing that growth. Without her, the once "storefront only" locale would only be known by its Washington state residents.

Erin makes sure that Trophies2Go products stay current and she is great at what she does. On top of her busy role here, she is a dedicated student at the University of Washington, majoring in History and Diversity studies. Outside of work, she loves roughing it outdoors on her dirt bike or going camping, plus she's an avid square & ballroom dancer. We want to take this chance to say – "We are proud and happy to have you here at Trophies2Go and you are like part of our extended family!"
