

### Topic of the month

#### Acrylic Awards

Acrylic awards have three great attributes that set them apart from other awards: versatility, style and value.

Acrylic awards are versatile because they can be used for virtually any corporate award presentation. They can be given as sales recognition, years of service awards, project completions, sponsorship recognition, or for a myriad of other purposes.

Acrylic also can be fabricated in different shapes, accented with vibrant colors, or used with other materials to make some incredibly stylish awards.

Our acrylic awards provide an excellent value as well. The price range (including laser engraving) can be from the low \$20's to \$200+. The majority of the acrylics that we sell range from \$40-\$150. There are some very unique acrylic awards that surpass the \$150 range that can be very fitting for special events.

### Customer Spotlight

#### Friends of Youth

##### Recognizing Volunteers and Sponsors

Friends of Youth is a Redmond, Washington based non-profit organization focused on providing many programs that benefit children and their families.

Their goal is reached through dedication of staff, volunteers and financial contributions from companies and individuals. One of their fundraising efforts is the 'Tee Off Fore Kids' golf tournament and charity auction. This year, they raised more than \$100,000 at this event. They raised money through the tournament itself, auction donations, and company donations. At the event, acrylic awards were given to recognize

volunteers and sponsors that went above-and-beyond the norm.

Special attention was given to ensure that the sponsor's logos were engraved on the awards. Heartfelt messages of appreciation were also engraved on each award.

The effect of the recognition will be felt for years to come. It provides the thanks, motivation and incentive for those who gave their time or money to continue to do so.

At Trophies2go, we applaud Friends of Youth not only for the great job they provide in achieving their mission, but also for effectively utilizing acrylic

awards as a recognition and incentive tool.

## Product Spotlight

### Waterford Cut Acrylic Award

#### *Addition of many new products from RB Fabrication*

For the past few years, we have selected just a few products from one of our vendors, RB Fabrication. Just recently, we have added more than 30 new products that are on the leading edge of acrylic award innovation. These products feature new shapes, sizes, and great colors.

One of the staff favorites is the Waterford cut acrylic award. The shape and artistic cut to the edges help make the award sparkle in natural light. We engrave the award from the back side which helps make the text stand out and have a frosted look while not detracting from the overall beauty of the piece. Recognize an individual or company with this great acrylic award today!

## Staff Spotlight

### Jeremy Thomas

#### *Laser Engraver of Acrylic Awards*

Jeremy has worked at Trophies2go for more than 5 years. His excellent computer and artistic skills ensure that our acrylic awards are laser engraved to perfection. In addition, his youthful personality and spirit keeps the rest of us alive and energetic. Jeremy is also the champion of the 2007 Trophies2go Summer Olympics - a true sign of his overall skills in accomplishing everyday tasks at our facility. As if this crown is not enough, Jeremy is also rewarded with a bonus for being in our Staff Spotlight. Keep up the great work, Jeremy!
