## Spring 2009

TROPHIES2GO.COM – FOR THE  
RECOGNITION YOU DESERVE!

### With Spring brings a new sports season

We were starting to wonder if spring would EVER show its pretty little face but finally, and thankfully, it is here once again after what seems to have been an extremely long winter. So, with spring you know what that means: **BASEBALL!!** Neighborhood ballgames, spring and summer leagues, recreational softball tournaments and a variety of other sporting events bring communities, families and teammates together – making the season truly a

special time for everyone. Here at Trophies2Go, we understand the importance and significance of these moments and activities. Our trophies are designed to give credit and put smiles on each competitor's face – no matter what level, size, speed or ability.

## PRODUCT SPOTLIGHT: Manga Boy Baseball Resin Award

The modern trophy has a different look than it did 10- 15 years ago. Today, kids and adults alike want something trendy that displays the perfect mix of action and style – without going overboard. Therefore, this month's highlighted product is the Manga Boy Baseball Resin Award. Manga trophies are rich in history, extremely trendy and full of life. Apart from the same old cliché hardware from the past, the manga trophies have a tradition that originated in Japan following World War II. Manga has a huge audience in its native country and demonstrates athleticism, pride and a

superhero quality that has made it a huge western success. American mainstream comics have aimed their Manga series to young adults and it has increasingly become more and more widespread among adolescent readers, as well. The figure is made of solid resin, giving it the look of cast pewter and it has bright purple hair that sets it apart from the crowd. Give your athletes something different and ultra-modern! The Manga Boy Baseball Resin Award is a perfect way to go. Let your players show off what they earned by displaying a silver baseball player ripping a homerun that is full of life, style and action! <http://www.trophies2go.com/search/search.php?keyw=ords=manga> to see all of our Manga trophies!

## CUSTOMER HIGHLIGHT: Parents & Coaches

With spring sports teams revving up in full force, we feel Trophies2go should take time out to give a few accolades to the people who do the little things behind the scenes that often times gets overlooked and unfortunately underappreciated. Parents are instrumental not only to us here at Trophies2go, but most importantly to the kids who

are lucky enough to have folks who put in the time, dedication and commitment when it comes to children and their sports teams. We know firsthand that parenting is a full-time job and "coaching" your kids as they prepare for life sometimes deserves a trophy that is too massive in size to craft. While trophy and award recognition of any size does great things for kids, it truly starts at home with the parents by allowing them the chance to have better self-esteem through athleticism and accolades. Thank you parents for giving your children the boost they need as they make early preparations for the game of life!

## EMPLOYEE SPOTLIGHT: Donna Breezee, Production Lead

Gone are the days when finding good workers comes easy. More and more employers are constantly saying how it seems like a magic trick to find workers who show proper dedication, work ethic and quality control. But ever since hiring Donna Breezee, who is 18, we have been delighted by her hard work, professional manner and ability to "over deliver" for us here at Trophies2go. It's a breath of fresh air to see a young person who can balance school and work as hard as Donna and provide the much needed backbone to production that makes us as fortunate as we are! Thank you Donna, you do a fantastic job!
